Member Dues Schedule - FY 2023

NPA **Manufacturer Member** dues are based upon estimated annual sales of pasta, in pounds, in the United States during the latest most available calendar year (2021). Dues calculations rely on the honor system. NPA reserves the right to request certification of this estimate by the member's auditor. Please consider all pasta sales and use the following schedule to determine annual dues. Starting in 2021, NPA is offering two new membership categories, Food Service and Retail members. Dues are based on estimated sales and rely on the honor system, similarly to manufacturer dues.
