

NATIONAL PASTA ASSOCIATION

National Pasta Association 2023 Sponsorship and Advertising Opportunities

General Information

About the National Pasta Association (NPA)

NPA encourages the consumption of pasta by being the center of knowledge and promoting sound public policy to the consumer, the industry and the regulatory bodies because a sustainable pasta industry is vital to healthy diets. NPA member categories include Manufacturer members, Milling members, and Associate members and two new categories for Foodservice and Retail members were recently added.

Why Sponsor?

Sponsoring with NPA throughout the year and at the NPA Annual Meeting gives you the opportunity to reach and interact with the NPA membership and other pasta industry members, as non-members are invited to attend the Annual Meeting and can participate in some webinars and educational opportunities. Your brand will gain exposure to numerous manufacturers and product/service providers while your company supports NPA. Availability of these cost-effective and high-impact sponsorship opportunities are limited, so don't wait to become a sponsor!
